TO : Acting Chief, Research and Development 9 June 1952

FROM : [redacted] 25X1

SUBJECT : Field Marking Equipment (RDP-60), Beacon, Field Marking, Infrared (RDP-60A), Night Landing System, Ultraviolet (RDP-60B).

REFERENCE: Subject Memorandum from RDD/TSS dated 5 May 1952

1. General comments from interested Training personnel indicate a feeling that the equipment seems a little complicated for clandestine use. The suggestion was made that the project should be reviewed from the standpoint of reducing equipment requirements.

2. It was suggested that coordination could be established between RDD/TSS and the Training section under [redacted], 25X1
2303 Quarters Nye, extension [redacted] for field-testing the equipment. 25X1
